CatalystX (Imaginary Startup Consulting Company)

Year:

2026

Date:

07/07/2026

CERTIFICATE

This is to certify that **Ms. Riya Pawar** has successfully completed the internship project titled “**Facebook Ads Lead Generation Campaign for CatalystX**” as part of the **Digital Marketing Internship** conducted by **Unified Mentors**.

The project demonstrates practical knowledge of Facebook advertising using **Meta Business Suite** and **Meta Ads Manager**. It includes campaign planning, audience targeting, advertisement creation, budget allocation, and performance analysis.

The work presented in this report has been carried out sincerely and is submitted for educational and internship purposes.

Internship Organization

Unified Mentors

DECLARATION

I, **Riya Pawar**, hereby declare that the project titled “**Facebook Ads Lead Generation Campaign for CatalystX**” submitted as part of my **Digital Marketing Internship** at **Unified Mentors** is my original work.

The project has been completed solely for educational purposes using **Meta Business Suite** and **Meta Ads Manager**. The information presented in this report is true and accurate to the best of my knowledge.

I further declare that this report has not been submitted previously for any other academic or professional purpose.

Submitted By

Riya Pawar

ACKNOWLEDGEMENT

I would like to express my sincere gratitude to **Unified Mentors** for providing me with the opportunity to complete this Digital Marketing Internship.

This internship has helped me gain practical exposure to **Facebook advertising, Meta Business Suite, campaign planning, audience targeting, and digital marketing strategies.**

I also extend my heartfelt thanks to everyone who supported and encouraged me throughout the successful completion of this project.

Finally, I would like to thank my family and friends for their continuous motivation and encouragement.

Riya Pawar

ABSTRACT

Digital marketing has become one of the most powerful methods of promoting businesses through online platforms. Among various digital marketing channels, Facebook advertising plays a significant role in reaching targeted audiences and generating business leads.

This project focuses on designing a **Facebook Lead Generation Campaign** for an imaginary startup consulting company named **CatalystX**.

The campaign was planned using **Meta Business Suite** and **Meta Ads Manager**. The campaign objective selected was **Lead Generation**, enabling interested users to submit their details through Facebook Instant Forms.

The project includes campaign planning, audience selection, budget allocation, advertisement design, and simulated campaign analytics. Since the project was created for educational purposes, the campaign was maintained in **Draft Mode** without publishing to avoid advertising costs.

The knowledge gained through this internship has enhanced my understanding of digital advertising and Facebook marketing strategies.

1. Introduction

Digital marketing is the process of promoting products, services, and brands using digital technologies and online platforms such as websites, search engines, social media, email marketing, and mobile applications. It has transformed the way businesses communicate with their customers by providing cost-effective, measurable, and targeted marketing strategies.

Among all digital marketing channels, **Facebook Advertising** has become one of the most influential platforms because of its massive user base and advanced audience targeting capabilities. Businesses of every size use Facebook Ads to increase brand awareness, generate leads, drive website traffic, promote products, and improve customer engagement.

The purpose of this internship project is to understand the complete process of planning and creating a Facebook advertising campaign using **Meta Business Suite** and **Meta Ads Manager**. Since this is a practice project, an imaginary startup consulting company named **CatalystX** was created.

The project focuses on designing a professional Lead Generation campaign, selecting an appropriate audience, preparing ad creatives, setting campaign budgets, and analyzing expected campaign performance using simulated analytics.

2. Digital Marketing Overview

Digital marketing refers to the use of digital channels to promote businesses, products, and services. Unlike traditional marketing, digital marketing allows businesses to reach customers based on their interests, demographics, online behavior, and geographical location.

Major Components of Digital Marketing

Search Engine Optimization (SEO)

SEO helps websites rank higher in search engine results by improving website content, keywords, and technical performance.

Search Engine Marketing (SEM)

SEM involves paid advertisements displayed on search engines to increase website traffic.

Social Media Marketing (SMM)

Businesses use social media platforms like Facebook, Instagram, LinkedIn, and X (Twitter) to connect with customers and build brand awareness.

Email Marketing

Email marketing is used to communicate directly with customers through newsletters, promotional offers, and personalized messages.

Content Marketing

Content marketing focuses on creating valuable blogs, videos, infographics, and articles to educate and engage customers.

Pay-Per-Click (PPC)

PPC is an online advertising model where advertisers pay only when users click on their advertisements.

Digital marketing enables businesses to measure campaign performance accurately through analytics and performance metrics.

3. Facebook Advertising

Facebook Ads is an online advertising platform provided by **Meta** that allows businesses to promote products and services across Facebook, Instagram, Messenger, and the Audience Network.

Facebook Ads provides highly advanced audience targeting based on:

- Age
- Gender
- Location
- Interests
- Education
- Occupation
- Online Behavior
- Device Usage

Objectives Available in Facebook Ads

- Brand Awareness
- Reach
- Traffic
- Engagement
- App Promotion
- Video Views
- Leads
- Sales

For this internship project, the **Lead Generation** objective was selected because the goal was to collect customer information through Facebook Instant Forms.

Advantages of Facebook Ads

- Cost-effective marketing
- Wide audience reach
- Advanced targeting
- Performance tracking
- Multiple advertisement formats
- Easy campaign optimization

4. Meta Business Suite

Meta Business Suite is a centralized platform developed by Meta that helps businesses manage their Facebook and Instagram accounts from one dashboard.

Using Meta Business Suite, businesses can:

- Create Facebook Pages
- Publish posts
- Schedule content
- Reply to messages
- Monitor page insights
- Manage advertisements
- Access Meta Ads Manager

During this internship project, Meta Business Suite was used to create the CatalystX Facebook Business Page and manage the Facebook advertising campaign.

The platform provides an easy-to-use interface for monitoring campaign performance, audience engagement, and advertising activities.

5. Business Overview – CatalystX

CatalystX is an **imaginary startup consulting company** created specifically for this internship project.

The company aims to assist aspiring entrepreneurs by providing professional guidance and strategic consulting services that help transform innovative ideas into successful businesses.

Vision

To empower entrepreneurs with expert knowledge, business strategies, and digital marketing solutions that accelerate startup growth.

Mission

To provide affordable startup consulting services that enable entrepreneurs to launch, manage, and grow successful businesses.

Services Offered

- Startup Mentorship
- Business Planning
- Branding
- Digital Marketing
- Investor Guidance
- Market Research
- Business Strategy
- Growth Consultation

Although CatalystX is an imaginary business, the campaign was designed following real-world digital marketing practices.

6. Problem Statement

Many aspiring entrepreneurs possess innovative business ideas but lack proper guidance, mentorship, and marketing knowledge required to successfully launch their startups.

Due to limited awareness and insufficient business planning, many startup ideas fail before reaching the market.

The challenge is to connect these entrepreneurs with experienced mentors who can provide strategic guidance through an affordable and accessible platform.

7. Project Objectives

The primary objectives of this project are:

- To understand the Facebook Ads platform.
- To create a Facebook Business Page.
- To use Meta Business Suite for campaign management.
- To design a professional Facebook advertisement.
- To configure a Lead Generation campaign.
- To identify and target the correct audience.
- To understand budget planning and bidding strategies.
- To analyze campaign performance using simulated analytics.
- To gain practical knowledge of digital marketing.

8. Scope of the Project

The scope of this project is to understand the practical implementation of Facebook advertising through Meta Business Suite and Meta Ads Manager. The project demonstrates the complete process of planning, designing, and configuring a Facebook Lead Generation campaign for an imaginary business named **CatalystX**.

This project includes:

- Creating a Facebook Business Page.
- Setting up a Meta Business Suite account.
- Understanding campaign objectives.
- Designing a Facebook advertisement.
- Selecting the target audience.
- Allocating campaign budgets.
- Configuring ad placements.
- Creating an Instant Lead Form.
- Understanding campaign analytics.
- Learning campaign optimization techniques.

Although the campaign was not published due to budget considerations, the entire setup follows real-world industry practices.

9. Tools and Technologies Used

The following tools were used during the development of this project:

Tool	Purpose
Meta Business Suite	Manage Facebook Business Page
Meta Ads Manager	Create and configure Facebook Ads Campaign
Facebook Page	Business Presence
Canva	Design Advertisement Poster
GitHub	Store project files and documentation
GitHub Pages	Deploy project website
Microsoft Word	Documentation
Microsoft PowerPoint	Presentation
Google Drive	Report sharing

Hardware Requirements

- Laptop/Desktop
- Internet Connection
- Web Browser

Software Requirements

- Windows 10/11
- Google Chrome
- Microsoft Word
- Microsoft PowerPoint
- Canva
- GitHub Account
- Meta Business Suite

10. Campaign Proposal

Business Name

CatalystX

Campaign Name

CatalystX Lead Generation Campaign

Campaign Objective

Generate quality leads from aspiring entrepreneurs who are interested in startup consulting services.

Marketing Goal

Increase awareness about CatalystX and encourage users to submit their details through Facebook Instant Forms for a free startup consultation.

Advertisement Type

Single Image Advertisement

Campaign Duration

15 Days

Campaign Budget

Daily Budget: **₹500**

Estimated Total Budget:

$\text{₹}500 \times 15 \text{ Days} = \text{₹}7,500$

11. Target Audience

A successful Facebook campaign depends on selecting the correct audience. The target audience for CatalystX was selected based on demographics, interests, and behavior.

Location

India

Age Group

22–40 Years

Gender

All

Languages

English

Hindi

Interests

- Entrepreneurship
- Startup India
- Small Business
- Business Consulting
- Digital Marketing
- Technology
- Innovation
- Leadership

Behaviour

- Business Owners
- Startup Founders
- College Graduates
- Marketing Professionals
- Working Professionals

Device

Mobile & Desktop Users

This audience was selected because they are most likely to be interested in startup guidance and consulting services.

12. Budget Allocation

Budget planning is an important part of every Facebook advertising campaign.

Campaign Budget

Daily Budget

₹500

Campaign Duration

15 Days

Estimated Budget

₹7,500

Bidding Strategy

Highest Volume

The **Highest Volume** bidding strategy was selected because its objective is to maximize the number of leads generated within the available budget.

Expected Campaign Results (Simulated)

Metric	Estimated Value
Reach	12,000+
Impressions	18,500+
Link Clicks	700+
Leads	120+
CTR	4–5%
Cost Per Lead	₹55–₹65

These values are estimated for educational purposes because the campaign remained in **Draft Mode**.

13. Advertisement Creative Strategy

The effectiveness of a Facebook campaign depends largely on its advertisement creative. For this project, a visually appealing single-image advertisement was designed using Canva.

Ad Format

Single Image Advertisement

Headline

Turn Your Startup Idea into Reality!

Primary Text

Ready to launch your startup? CatalystX provides expert mentorship, business planning, branding, and investor guidance to help entrepreneurs build successful businesses. Book your FREE startup consultation today!

Description

Empowering entrepreneurs with expert startup solutions.

Call-to-Action (CTA)

Apply Now

Creative Elements

- Professional Blue & White Theme
- Modern Typography
- Startup Growth Illustration
- Business Icons
- Contact Details
- Facebook Lead Form Integration

The advertisement was designed to attract startup founders and encourage them to submit their information through the Lead Generation Form.

14. Campaign Setup in Meta Ads Manager

After creating the Facebook Business Page for CatalystX, the next step was to configure the advertising campaign using **Meta Ads Manager**. Meta Ads Manager provides businesses with a comprehensive platform to create, manage, and optimize advertising campaigns across Facebook and Instagram.

For this project, a new campaign was created with the objective of **Lead Generation**. The campaign settings were configured as follows:

Campaign Details

Parameter	Value
Campaign Name	CatalystX Lead Generation Campaign
Buying Type	Auction
Campaign Objective	Leads
Budget Strategy	Campaign Budget
Daily Budget	₹500
Bid Strategy	Highest Volume
Delivery Type	Standard

The campaign was created successfully and remained in **Draft Mode** because it was developed solely for educational purposes.

15. Campaign Analytics & Performance Analysis

Campaign Analytics (Simulated)

Overview

As this Facebook Ads campaign was developed as a practice project and intentionally kept in **Draft Mode**, live campaign data was not available. Therefore, the following performance metrics are **simulated** based on industry benchmarks for a Lead Generation campaign.

The purpose of this analysis is to demonstrate an understanding of Facebook Ads performance metrics and campaign evaluation techniques.

Campaign Summary

Metric	Value
Campaign Objective	Lead Generation
Campaign Duration	15 Days
Daily Budget	₹500
Total Budget	₹7,500
Campaign Status	Draft (Not Published)
Buying Type	Auction
Bid Strategy	Highest Volume

Performance Metrics (Simulated)

Performance Indicator	Estimated Result
Reach	12,540 People
Impressions	18,210
Link Clicks	742
Landing Page Views	510
Leads Generated	126
Click-Through Rate (CTR)	4.08%
Cost Per Click (CPC)	₹10.11

Performance Indicator	Estimated Result
Cost Per Lead (CPL)	₹59.52
Frequency	1.45
Engagement Rate	6.2%

Performance Analysis

The simulated campaign results indicate that the selected audience and advertisement strategy would likely generate positive engagement and qualified leads.

Reach

The campaign was estimated to reach **12,540 people**, indicating that the advertisement could effectively reach entrepreneurs and startup enthusiasts across India.

Impressions

The advertisement was estimated to receive **18,210 impressions**, showing that users may have viewed the advertisement multiple times, improving brand awareness.

Link Clicks

An estimated **742 users** would click on the advertisement, reflecting strong interest in CatalystX's startup consulting services.

Click-Through Rate (CTR)

The estimated **CTR of 4.08%** is considered above average for many industries, suggesting that the advertisement is relevant and engaging.

Cost Per Click (CPC)

The estimated **Cost Per Click of ₹10.11** indicates that the campaign would likely generate traffic efficiently while remaining cost-effective.

Leads Generated

Approximately **126 leads** are expected based on the simulated data. These leads represent users who would submit the Facebook Instant Form requesting startup consultation.

Cost Per Lead (CPL)

The estimated **Cost Per Lead of ₹59.52** suggests efficient lead generation within the allocated campaign budget.

Engagement Rate

An estimated engagement rate of **6.2%** indicates that users are interacting positively with the advertisement through clicks and form submissions.

Campaign KPI Evaluation

Key Performance Indicator	Performance
Audience Targeting	Excellent
Advertisement Quality	Excellent
Budget Allocation	Good
Click-Through Rate	Very Good
Lead Generation Potential	High
Overall Campaign Performance	Very Good

Recommendations for Optimization

To improve campaign performance if launched as a live campaign, the following strategies are recommended:

- Conduct A/B testing using different advertisement creatives.
- Create multiple audience segments based on interests and demographics.
- Add a dedicated CatalystX landing page for better conversion tracking.
- Install Meta Pixel to monitor website actions.
- Optimize the campaign based on real-time analytics.
- Retarget users who interacted with the advertisement but did not submit the lead form.
- Test video advertisements in addition to static image ads.
- Increase the campaign budget gradually after evaluating initial performance

16. SWOT Analysis

A SWOT analysis helps evaluate the strengths, weaknesses, opportunities, and threats associated with the Facebook Ads campaign.

Strengths	Weaknesses
Advanced audience targeting	No live campaign data
Cost-effective advertising	Analytics are simulated
High engagement potential	No website integration
Professional ad creative	Limited campaign duration

Opportunities	Threats
Increasing startup ecosystem	High competition in digital advertising
Growing Facebook user base	Rising advertising costs
Expansion to Instagram	Changing Meta algorithms
Future remarketing campaigns	Audience ad fatigue

Summary

The SWOT analysis indicates that CatalystX has strong potential to attract startup founders. Publishing the campaign in the future with a dedicated website could improve performance further.

17. Challenges Faced During the Project

Several practical challenges were encountered while developing the campaign.

Challenges

1. Creating an imaginary business that appeared realistic.
2. Understanding Meta Business Suite for the first time.
3. Learning Facebook Ads Manager and campaign settings.
4. Designing a professional advertisement using Canva.
5. Configuring audience targeting correctly.
6. Understanding campaign objectives and bidding strategies.
7. Avoiding campaign publication to prevent advertising costs.
8. Preparing simulated analytics in the absence of live data.
9. Organizing project documentation and GitHub repository.
10. Preparing a complete internship report.

Solutions

- Used Meta documentation and tutorials to understand the platform.
- Selected realistic campaign settings based on industry practices.
- Designed consistent branding for CatalystX.
- Created simulated analytics based on standard Facebook Ads benchmarks.
- Documented each stage with screenshots for future reference.

18. Learning Outcomes

This internship project provided valuable practical knowledge about Facebook advertising and digital marketing.

Skills Acquired

- Facebook Business Page creation
- Meta Business Suite management
- Meta Ads Manager navigation
- Campaign objective selection
- Audience targeting
- Budget planning
- Advertisement design
- Lead Generation campaigns
- Instant Forms
- Campaign optimization concepts
- GitHub documentation
- Report writing
- Presentation preparation

Overall Learning

Through this project, I gained a comprehensive understanding of how businesses use Facebook Ads to generate leads and promote their services. I also learned the importance of audience research, campaign planning, budgeting, and performance analysis in digital marketing.

19. Recommendations

Although the campaign was created as a practice project, several recommendations can improve its effectiveness if it is launched in the future.

Recommendations

- Develop a professional business website for CatalystX.
- Integrate Meta Pixel for better conversion tracking.
- Conduct A/B testing using multiple ad creatives.
- Use video advertisements to increase engagement.
- Expand campaigns to Instagram and Messenger.
- Implement remarketing campaigns to reconnect with interested users.
- Monitor campaign performance regularly and optimize based on analytics.
- Increase budget gradually after evaluating campaign performance.
- Use Facebook Conversion API for improved tracking accuracy.
- Offer downloadable resources (e.g., startup guides) to increase lead generation.

These improvements can enhance campaign performance and generate higher-quality leads.

Conclusion

The **Facebook Ads Lead Generation Campaign for CatalystX** successfully demonstrated the practical application of digital marketing concepts using **Meta Business Suite** and **Meta Ads Manager**.

Throughout the internship, I learned how to create a Facebook Business Page, configure advertising campaigns, define target audiences, allocate budgets, design advertisements, and prepare lead generation forms.

Although the campaign remained in **Draft Mode**, the project accurately represents the complete workflow followed by digital marketing professionals.

The internship enhanced my practical understanding of social media advertising and strengthened my confidence in using Meta advertising tools.

This project has provided me with valuable knowledge that will support my future career in digital marketing.

Personal Learning and Reflection

This internship provided me with practical exposure to Facebook advertising and digital marketing. I learned how businesses create advertising campaigns to generate leads and increase brand awareness.

I also improved my skills in:

- Campaign Planning
- Audience Research
- Advertisement Design
- Report Writing
- GitHub Documentation
- Time Management
- Digital Marketing Strategy

This project has increased my confidence in working with Meta advertising tools and strengthened my interest in digital marketing.

Project Summary

Project Details	Information
Project Title	Facebook Ads Lead Generation Campaign
Business	CatalystX
Campaign Objective	Lead Generation
Campaign Budget	₹500 Per Day
Duration	15 Days
Target Audience	India, Age 22–40
Ad Format	Single Image
CTA	Apply Now
Platform	Meta Business Suite & Ads Manager
Internship Company	Unified Mentors

Thank You

I sincerely thank **Unified Mentors** for providing me with the opportunity to complete this Digital Marketing Internship.

The knowledge and practical experience gained during this internship have significantly enhanced my understanding of Facebook advertising and digital marketing strategies.

I am grateful for the guidance, learning opportunities, and hands-on exposure that helped me successfully complete this project.
